BALKANS AND TURKS RENEW THE FIGHTING

Bombardment at Adrianople and Insignificant Skirmish at Tchatalja.

BALKANS WILL REFUSE FURTHER ARMISTICE

If Driven to Despair Turks Will Fight Like Wild Animals, Says Envoy.

By Bulletin Leased Wire.

Constantinople, Feb. 3 (midnight).—It is officially announced that hostilities began at seven o'clock tonight, both at Adrianople and Tchatalja.

At Adrianople the allies opened the bombardment.

At Tchatalja an insignificant skirmish occurred.

By Bulletin Leased Wire.

London, Feb. 3.—The Balkan war has been resumed. The bombardment of Adrianople began at seven o'clock tonight and a small skirmish occurred at the Tchatalja lines. The armistice has lasted exactly two months.

Bulgaria has turned a deaf ear to the remonstrances of the powers, and unless Turkey yields to the Balkan demands, the allied armies will now attempt to drive her completely out of Europe.

Scutari on Point of Falling.

According to a despatch from Belgrade tonight, Scutari is already on the point of falling. It is reported that the Turkish commander has sent two representatives to the Servian commander to propose the capitulation of that town.

Dr. Daneff, head of the Bulgarian delegation, in an interview in Paris tonight, said had promised Sir Edward Grey, the British foreign secretary, that if the Turks immediately accepted the allies' conditions they would conclude peace, but whatever happened there would be no further armistice.

Grey Interviews King.

Sir Edward Grey had a long interview with the King today after he attended a brief meeting of the ambassadorial conference, but nothing of importance was transacted, there being no new developments since Saturday. Osman Nazim Pasha, the second Turkish delegate, will leave London tomorrow to resume his ambassadorial duties at Berlin. He said this evening from information received from military sources he believed that the allies underestimated the condition of the Turkish army and that they would find themselves confronted by a redoubtable enemy—the best Mussulman warriors, veterans from Arabia, who had fought under Izzet bey, and tried soldiers and good marksmen, lately engaged in Tripoli under Enver Bey and Fethey Bey.

He added: "That ambassador was right wh predicted that, if driven to despair, the Turks would fight like wild animals."

Bombardment Begins.

Sofia, Feb. 4.—The bombardment of Adrianople began an hour after the expiration of the armistice.

Want Foreigners to Depart.

Constantinople, Feb 3.—The consuls at Adrianople have requested the ambassadors here to arrange with the Bulgarian authorities for permission for 120 foreigners at Adrianople to pass through the Bulgarian lines. If this arrangement cannot be made, the ambassadors will ask that the Bulgarians respect that portion of Adrianople set apart for foreign residents.

READY TO ACCEPT CANADIAN SEAMEN

British First Lord of the Admiralty Replies to uestion of Joseph Martin.

Canadian Associated Press.

London, Feb. 3.— Joseph Martin to-day asked the First Lord of the Admiralty if he had requested the Canadian government to assits the admiralty in recruiting men in Canada, in view of the necessity of manning the Dreadnoughts from the Malay States and Canada, and the proposed new Dreadnoughts to be built by the Admiralty and the difficulty of getting men at home, as referred to by him.

Mr. Churchill— "We have not asked the Canadian government for assistance in obtaining recruits for the navy but would be ready to accept Canadian seamen if a satisfactory arrangement could be made."

SECURE EXPERT ON WESTERN CASE

Jean Paul Muller Has Been Secured to Investigate in Freight Rates Inquiry.

Special to The Bulletin.

Ottawa, Feb. 3.—The latest development in the Western freight rates enquiry is the employment by the Dominion government of Jean Paul Muller, the United States rate case expert. Muller has been retained to assist Bicknell, of Toronto, and will New York in a few days and take up his residence in Toronto, where he will go over the remarkable set of exhibits in the case, prepared by the traffic department of the Canadian Pacific, and which formed the basis of the defence of the Western roads. He will devote himself to an analysis of the exhibits with a view to attacking the reasonableness of the Western rates generally, regardless of the question of discrimination.

Muller was selected by the government's counsel after an exhaustive inquiry for a suitable expert. He was for four years statistician to the Interstate commerce commission up to 1911, when he resigned to go into private practice. He is a member of one of the leading firms of chartered accountants and is a member of the Baltimore bar. He is a native of Germany and, and received his education in Europe. He has for years paid special attention to the problem of determining accurately the proper method of dividing passenger and freight earnings, and earnings of different classes of freight, and has worked out the theory which will be vigorously combatted by Canadian roads.

News of the employment of Muller was supposed to be kept secret, but a financial news bureau of Canada learned the facts to-day, and got a confirmation of them from the Canadian Pacific officials.

Bisley Entries Fall.

London, Feb. 3.—At the National Rifle Association meeting today it was stated that the decreased entries for Bisley were largely owing to the Territorials being unable to spare time to attend that meeting as well as the training camps. Canada's five thousand dollar donation is to be devoted partly to encouraging marksmanship of young Territorials. The general prize list is well supported, as usual.

Conservative Comment on A. & G.W. Decision

Special to the Bulletin.

Toronto, Feb. 3—The Toronto Telegram, a strong Conservative paper, commenting on the Alberta and Great Waterways decision, says:

"The Alberta and Great Waterways case has ended in a truly appalling decision.

The law lords of the Privy Council have drawn the pen of judicial authority through the whole great doctrine of provincial sovereignty. The provincial parliament is a mere county council under the ruling of the Privy Council in the Alberta case.

"The Privy Council is developing more and more and more into a judicial George the Third in its relationship to the Anglo-Saxon communities of this continent. The Privy Council has thrust itself into the position towards the provinces of Canada that the United States supreme court occupies toward the states and congress of the American union.

"The Alberta decision leaves patriotic British living Canadians without the shadow of an excuse for clinging to their ancient faith in the usefulness of appeals to the foot of the throne."

ESTIMATES ARE TABLED AT OTTAWA

Ten Million Increase Is Shown Over Those of Previous Year.

BIG VOTE PROVIDED FOR MILITARY EXPENSES

Calgary Gets Grants for Large Number of New Public Buildings.

By Bulletin Leased Wire.

Ottawa, Feb. 3.—The main estimates for the year 1913-14 were laid on the table at the opening of the house by Hon. W. T. White today. The total under consolidated fund is $125,850,338.28, and under capital expenditure is $53,301,845, making a total of $179,152,183, as compared with a total vote of $169,226,467 in 1912-13.

The increase is nearly ten millions. The vote for the naval proposals of the Borden government is not included and will be brought down in supplementary estimates after the naval bill has been passed. The main estimates include over a million and a half more than last year for militia and defence; $1,346,000 more for public works; three millions increase for railways and canals, and $727,000 subsidies to provinces.

The Largest Items.

The largest items of expenditure are $19,000,000 for the National Transcontinental railway; four and a half millions for the Hudson Bay railway; three millions for the Quebec bridge; two millions for the Welland ship canal; seven millions for the Intercolonial; two millions for the departmental building at Ottawa; seven hundred and fifty thousand for new Dominion buildings at Toronto; a million dollars for Dominion government buildings in London, England; two million for Port Arthur and Fort William harbors; a million dollars for Quebec harbor and half million each for Vancouver and Victoria harbors.

The naval vote includes one million dollars for the naval college and the upkeep of the docks at Halifax and Esquimault. This is a decrease as compared with last year of $660,000. A quarter of a million dollars is provided for a new ice breaker on the St. Lawrence. The Intercolonial vote is thirteen million dollars, as compared with ten million dollars last year.

C.P.R. SOON TO PUT NEW POLICY INTO EFFECT

With Return of J. S. Dennis, Head of Natural Resources Department, From England, Formal Announcement is Expected of Policy.

By Bulletin Leased Wire.

Calgary, Feb. 3.— With the return to Calgary of J. S. Dennis, head of the natural resources department, of the C. P. R., now in England, directing the colonization work of the Canadian Pacific, announcement is expected to be made of the opening to settlement of the company's irrigation block in the Bassano district, comprising 600,000 acres of land, all subject to irrigation.

In connection with this announcement will come official declaration of the new settlement policy of the C. P. R., which provides that in future no C. P. R. lands shall be sold to speculators, but only to actual settlers under agreement for improvement and cultivation. The period for paying for the land will be extended to twenty instead of ten years, as in the past, and a loan of $2,000 will be made to each settler to enable him to make his improvements while, as an encouragement to mixed farming, $1,000 worth of live stock will be provided at cost price, he whole to be paid back in twenty years in annual instalments at interest at six per cent.

The company is making a special effort to attract emigrants from the countries of Northern Europe, particularly Scandinavians and Danes, whom the company considers the best dairy farmers in the world, and Germans, whom it recognizes as among the best of mixed farmers. An effort will be made to colonize the whole of the eastern half of the big irrigation block with settlers from those countries.

O'Day Gets Advancement.

Chicago, Feb. 3—Hank O'Day, last season's manager of the Cincinnati National league team, will sign a contract in a few days to be an umpire in the American league, according to information given out by his friends here today. They also declared that O'Day claims $1,000 bonus for his service last year, which he declare he was promised by President Herrmann if the Cincinnatis finished in the first division.

ROCKEFELLER GETS $10,000,000 DIVIDEND.

By Bulletin Leased Wire.

New York, Feb. 3.—John D. Rockefeller is $10,000,000 richer today than he was yesterday. Of a special dividend declared today by the Standard Oil company, of New Jersey, this amount approximately represents his share of a total distribution of $39,332,000 on the company's capital stock at the rate of $20 a share.

The huge "melon" comes as a result, it was indicated in a statement given out by the company, of the supreme court dissolution decree. This necessitated the payment to the parent company of vast amounts owed to it by former subsidies. Announcement of the extra dividend sent the stock of the company up 18 points on the curb.

MANY STATES ADOPT INCOME TAX CHANGE

Only Four Reject Constitutional Amendment—Six Still Undecided.

Washington, D.C., Feb. 3.—The following is the list of states which ratified the income tax amendment: Alabama, Arkansas, Arizona, California, Colorado, Delaware, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New York, North Carolina, North Dakota, Oklahoma, Oregon, South Carolina, South Dakota, Tennessee, Texas, Washington, Wisconsin, Wyoming, Louisiana, Ohio, West Virginia, Wyoming.

The following rejected: Connecticut, New Hampshire, Rhode Island and Utah.

No action or only partial action was taken in the six other states.

GEORGIAN BAY CANAL DISCUSSED

Objection Taken by Liberal Members to Increase in Bonding Privileges.

By Bulletin Leased Wire.

Ottawa, Feb. 3.—The greater part of today's sitting of the commons was taken up with the consideration of the bills of the private members. There was much discussion into the evening session, but it was chiefly of a technical nature and not of much interest.

Some exception was taken to the bill extending the time of construction for the Georgian Bay canal, and was held over.

Hon. Frank Oliver said the proposed increase in the bonding powers of the company would give the private promoters of the enterprise a greater hold on the government when the time came to take over its rights. The point was disputed, but Premier Borden agreed that it was well taken and the bill stood over.

The Georgian Bay canal again occupied the attention of the House after private bills had been disposed of. E. B. Devlin, of Wright, moved the resolution calling for its immediate construction. Mr. Devlin declared that the construction of the Welland canal would only result in the diversion of more traffic to American channels, whereas the Georgian Bay canal project would keep it within Canadian borders.

Hon. Robert Rogers, who was leading the house, promised that further opportunity would be given for the discussion of this motion at an early date.

The debate on the naval resolution will be resumed on Tuesday.

FRENCH OFFICERS QUIT ON MERCHANT VESSELS

Three Steamships Prevented From Sailing by Action of Association of Deep Sea Captains—Three Boats Now Tied Up.

Marseilles, France, Feb. 3.—A general strike of officers of seagoing merchant vessels sailing from France is under consideration by the Association of Deep Sea Captains here. The officers of the Germania and the Madonna, of the Fabre line, sailing between Marseilles and New York, today left their vessels and joined in the strike begun by their comrades of the Canada, which was prevented from sailing for New York yesterday owing to the desertion of the ship's officers.

Chauffeur Injured.

Toronto, Feb. 3.—David Smith, a chauffeur, had a narrow escape from death this morning while driving an automobile over the Queen street bridge. Just as he was half way across one of the tires blew up and before he could stop the machine it had run to the side of the bridge. The machine overturned and Smith was caught under it. His left arm was broken and he was otherwise injured.

METHODISTS TO URGE MANY REFORMS

Questions Discussed at Meeting of Temperance and Moral Reform Committee.

ENDORSE THE FARMERS STAND FOR PROHIBITION

Pass Resolution Dealing With the Naval Question As It Exists In Canada.

The Alberta group of the temperance and moral reform committee of the Methodist Church met in McDougall Church last week and continued through several sessions. Among those present were Revs. T. Albert Moore, D.D., general secretary, Toronto, J. W. Aikens and Joseph Hazelwood, D. D., Toronto; associate secretaries, T. P. Perry, Lethbridge, president of the Alberta conference, J. M. Harrison, MacLeod, A. S. Tuttle, Calgary, George Webber, Vegreville; secretary of the Alberta conference, Thomas Powell, A. C. Barner, Red Deer, T. C. Buchanan, superintendent of missions, Calgary; Thomas Powell and J. E. Hughson, Edmonton. And Messrs. W. G. Hunt, Calgary, James Speakman, Horn Hill, J. D. Blayney, W. M. Leonard, Edgar Richardson, Edmonton.

Report of Resolutions.

The report on resolution included the following items:

1. Endorsing prohibition as the only satisfactory method of dealing with the liquor traffic.

2. That the northern portions of Alberta now under prohibition be kept free from the traffic in harmony with the largely signed petition of the Grande Prairie settlers.

3. That in places where no licenses now exist none be granted without a vote of the householders in the areas affected, and the same majority be required as in the case of local option.

4. That in places where licenses now exist no additional licenses be granted without the same majority vote of the people, and that application for new licenses be confined to the time for the annual renewal licenses.

5. That municipalities be allowed to vote on the reduction of licenses on

GRAIN COMMISSION REPORT IS TABLED

Most Important Feature is Suggestion That Effort be Made to Take Full Advantage of H. B. Railway and Panama Canal.

By Bulletin Leased Wire.

Ottawa, Feb. 3.— Probably the most important feature of the report of the Canadian grain commission tabled in the House of Commons today by Hon. George E. Foster is that in order to provide adequate facilities for the handling of the future grain crops an effort would be made to take full advantage of the completion of the Hudson Bay railroad and the Panama Canal. This could best be done, the commissioners say, by the construction of a system of interior elevators with transfer elevators on the coast and Hudson Bay

Suggestion is made that the board should be authorized by the government to investigate and report on the most suitable location for these elevators. The board takes it for granted that such a system of elevators would be both owned and operated by the government.

The board recommends that sample wheat markets should be established in Winnipeg and Fort William by September 1st, 1913.

Another suggestion is that there should be established in Winnipeg a laboratory for testing the milling and baking qualities of the Canadian grain.

Other recommendations are that there should be one inspection at the head of the lakes instead of two; that there should be a reduction in the number of inspection districts in the Eastern division; that there should be a chief inspector for the Western division; that a weighmaster should be appointed for the Western division to have charge of a weighing department and that a system of registration and cancellation of the warehouse receipts should be established.

The report states that there are in the West, 2,225 country elevators, with a capacity of 67,000,000 bushels.

A PHILLIE RECRUIT

Philadelphia, Feb. 3.—Manager Dooin, of the Philadelphia National league club, this afternoon purchased the release of Dan Howley, a catcher of the Portland Oregon club, of the Pacific Coast league.

FIRE RAGES IN COAL ON LAKE GRAIN BOAT

Steamer Butler Scene of Lively Time—Grain Damaged But Vessel Not Injured.

Fort William, Ont., Feb. 3.—Fire caused by the hot ashes under the boiler being raked out on the floor of the boiler room of the steamer Butler and being communicated to the coal pile, raged in the steamer for about six hours Saturday night and Sunday. There was about one hundred tons of coal in the bunkers and the fire burning on the bottom gave the firemen a hard fight to extinguish it. The vessal has a full cargo of storage grain in her holds and had a narrow escape from being destroyed.

The bulkhead between the engine room and the holds became red hot, but little of the grain was damaged.

Robert McCullom and his husky band of grain trimmers did good work after the firemen had left the steamer by turning over all the coal and making sure that there was no danger of the fire starting again.

The ship was not damaged, being of steel.

LIVE STOCK MEN ARE IN SESSION

Breeders of Horses, Sheep and Swine Are Holding Convention in Toronto.

By Bulletin Leased Wire.

Toronto, Feb. 3.— The live stock associations of the Dominion and of Ontario opened to-day a series of meetings that will continue each day of this week.

Representative breeders of the various leading breeds of horses, sheep and swine are in attendance, some coming from as far as Nova Scotia, and others from the far West, the great majority of delegates, however, being from Ontario.

The Dominion Cattle Breeders' Association opened the week's proceedings at the Walker House with a directors' meeting presided over by Sir John Gardhouse, of Highfield, Ont.

The question of better regulations on the part of the United States for Canadian cattle sent to that country for exhibition purposes was brought up by W. A. Dryden, who said that various shipments had been held up for tuberculin tests.

Dr. Torrance said that the American cattle were admitted to shows in this country without tests, while the test is required of Canadian cattle. He stated that it appeared to be only fair that Canadians should take a similar stand in regard to American cattle that enter for Canadian shows. Mr. Bright pointed out the desirability of asking the United States to drop the regulation there.

A resolution was moved asking the Dominion government to take such action as would require the testing of all United States cattle that come into this country for exhibition purposes and that such tests be made within six months of the time of the contemplated showing.

BIG STRIKE ENTERS UPON SIXTH WEEK

Struggle Takes Place for Leadership Between Higher Officials of Union.

DIFFERING STATEMENTS HAVE BEEN ISSUED

President Says Vote Already Taken; Treasurer Says Not Yet Taken.

By Bulletin Leased Wire.

New York, Feb. 3.—An apparent struggle for leadership between higher officers of the United Garment Workers' union, a feeling of discontent among the thousands of workers because of the few strike benefits paid, and the continued bargainings between union representatives and manufacturers over terms of settlements, marked the opening of the sixth week of the clothing strike today of 110,000 men, women and girls.

Contending statements purporting to come from officers of the union as to when a vote would be taken on the acceptance or rejection of the offer of the manufacturers on the basis of a sliding wage scale increase, left in doubt just what the action would be which the leaders were taking to end the strike.

President Rickert, of the union, declared emphatically today that a vote would be taken Wednesday and that the result would be announced Thursday. With equal vehemence Henry Waxman, treasurer of the union, announced that a vote already had been taken and that the result would shortly be announced.

The associated boys' clothing manufacturers, comprising a group of employers of about 13,000 workers, agreed after a conference today to grant an increase of ten per cent, a fifty-four hour week and tacit recognition of the union. This agreement, it was announced at headquarters of the union, would not be accepted, since it did not embody all the demands of the strikers.

The refusal of the Wrapper, Kimona and House Dress Manufacturers' Association to agree to the union's demands for so-called collective bargaining permitted the strike in that branch of the trade to enter into another week.

MARRIED SEVENTY YEARS.

Montreal, Feb. 3.—At Rigaud, Que., today there was celebrated a service which breaks all records in the way of wedding anniversaries in this district.

Louis Lerocque and his wife celebrated the seventieth anniversary of their wedding. The husband was 91 years old and his wife 88.

They were escorted to the church by four other couples who had celebrated their golden weddings. As the aged couples marched down the aisle of the parish church after receiving holy communion, a special choir of 103 of their great-grandchildren sang "O Canada."

News of the South Side

SOUTH SIDE OFFICE: 24 WHYTE AVENUE EAST. TELEPHONE 3413

SOUTH SIDE HAS A REAL AVIATOR

R. B. Russell, Who Holds License From Aero Club of America and Royal Aero Club of Great Britain in South Side.

A Canadian aviator who holds a license from the Aero Club of America is selling dry goods in Essery's Gents' Furnishing store on Whyte avenue, Edmonton. His name is R. B. Russell, and he is not flying these days because he has no machine, but if he can get any practical encouragement from the sports of Edmonton, he is willing to enter the flying game again and to give exhibits of the art of navigation of the air for the citizens of Edmonton.

He has made between four or five hundred flights in which he secured much valuable experience at the cost of a broken leg, an injured shoulder and a scar on the cheek.

When flying at Bridgeport, Conn., on Aug. 14th, 1911, the crowd closed in on the field and hindered his landing so that he smashed against a fence. He carries a scar on the side of his face but none of the crowd were injured.

Secured License.

In May, 1912, he attended the aviation meet at Santiago, California, and secured his license, No. 134, of the Aero Club of America. He also holds a license from the Royal Aero Club of Great Britain.

Referring to the possibilities of aviation, Mr. Russell remarked that improvements are being made that will place aviation on a safe and sane basis. When asked about the dangers, he replied, "A life lost at the present stage of the game don't amount to nix." Then he added that the feeling of dizziness is lost when the aviator is up in the air. A feeling of exhilaration comes with the roar of the motor.

The aviator needs a keen, clear judgment and must be able to think and act quickly at all times. The chief danger is when the aviator gets thoughtless and forgets to think. His machine flies like a bird, but the bird has a brain to think. The brain of the flying machine is in the head of the aviator, who must not for a moment forget this and leave his machine to do any thinking.

A bicyclist or a motorist may at times on a good road take his hands off the steering apparatus and let his machine run automatically; but not so the aviator.

How Machine Controlled.

The shoulders are used to control the lateral movements of the flying machine. The hands and arms control the steering wheel, which controls the rudder. By pushing it back or forth the amchine is lifted or dropped, and by turning the handle the machine turns from left to right. The right foot is used to control the throttle. The brake is seldom applied till the ground is reached and then by the hand or the foot.

Improvements are being made with a view to secure greater stability, especially in high winds. But the only real safety device is clear judgment and quick action at all times. The various parts of the body must be trained to respond correctly and immediately to the order from the brain. The ear catches the roar of the engine and the brain judges the speed. The eye is on the look out ahead, and as the brain directs the machine ascends, descends, turns to right or to left, or swoops in spiral loops as free as a bird as long as the engine keeps roaring the windmill.

The weather conditions here would make flying in the winter months of Alberta rather uncomfortable and almost impossible owing to engine troubles. It is Mr. Russel's intention however, to return to the flying game in the spring if he can secure the financial backing necessary to secure a machine at a cost of about $3,500. He may also open an aviation school and start the manufacture of aeroplanes of the Curtis type, which he prefers.

MRS. BUTLER AND VEAL FACED MURDER CHARGE

Magistrate Byers Granted Early Remand to Friday on Request of Mr. McCaffrey, Who Defends—The Herzers Will Be Tried This Afternoon.

Alice Butler and James Veal, the young teamster, were brought up before Magistrate Byers yesterday at the police court, the former charged with the murder of her husband the latter with perjury and being accessory to murder They were represented by Mr. J. A. McCaffrey, who remarked to His Worship that the prisoners had been in custody for five weeks and asked for an early remand, which Magistrate Byers granted by naming Friday, February 7th.

In the dock this morning with Mrs. Butler and young Veal sat Mr. and Mrs. Herzer, the couple who are charged with the attempt to procure young persons for immoral purposes. The latter pair were in striking contrast so far as features are concerned. Mrs. Herzer is tall and delicately featured, while Herzer himself is short of stature, with a strong chin. They were remanded to this afternoon.

The charge against White and Singleton of allowing boys under age to frequent a pool-room was adjourned to next Monday.

R. L. Haskell was brought up on the charge of theft and the case was adjourned to February 5th, while a similar charge against Frank Dean was adjourned to tomorrow, and a charge of theft against W. A. Sibley till February 5th.

ONLY 24 DRUNKS IN JANUARY

The returns for the month of January for the South Side police court show a remarkably law-abiding state of society for a community as large as this part of the city.

Convictions against City Bylaws:	
Drunkenness	24
Autos on wrong side of street	6
Driving across sidewalk	1
Convictions under provincial acts:	
Procuring liquor while interdicted	3
Selling liquor without license	1
Insane	2
Non-payment of wages	1
Convictions under criminal code:	
Assault	1
Keeping disorderly house	1
Theft	1
Vagrancy	2
Total convictions for January	43

Total under city by-laws, 31; under provincial acts, 7; under criminal code, 5.

This showing of only 43 convictions in 31 days from a population of over 1200 people and leaving out the 24 drunks and the 7 for traffic offences, there is left for offences under Alberta acts and against the criminal code an average of only one conviction for a thousand people. There are really very few offences of a serious nature on the South Side.

BUILDING PERMITS

Recent building permits, on the South Side are as follows:

J. A. STEWART STILL MISSING

No further information has been received by the R.N.W.M.P., nor by his friends and relatives, that would give any clue as to the whereabouts of John A. Stewart, who so mysteriously disappeared on Wednesday last.

There are still two alternative theories: One that he must have succumbed to the rigors of the wintry weather, in spite of the fact that he was clad in a heavy fur coat, cloth cap and leather covered felt boots; the other that he may still be alive and at some place beyond the zone of the enquiry.

When he formerly lived in Manitoba and in Dakota on the farm he had occasionally driven home the night after marketing his grain in the town. As he was of fairly strong physical strength, Mrs. Stewart is still hopeful that he may have travelled on Wednesday night beyond the area searched by the police, between Ellerslie and Leduc. His independent spirit would lead him past houses without going in to ask for food or shelter. In the past, when he left home in his periods of absent-memory, he would often tend to circle to the left. This might bring him off to the southeast of the city. If the police or friends could secure any clue as to his movements after leaving Elerslie on Wednesday last at 5:30 p. m., they would gladly follow it up.

Though he had no money with him the property of the Stewarts is such that the family were living in comfortable circumstances without any financial worry. Any clues will be welcomed by R.N.W.M.P., phone 2113; city police, 3433, or Mr. Keley, 2299. Photos of him taken last summer are being supplied to The R.N.W.M.P. for sending to their outposts.

WILL LAY 64 MILES OF TELEPHONE CABLE

Tenders Opened by City Commissioners For Conduits to Replace Present Over Head Wires and Provide For Extensions.

Tenders for nearly 64 miles of lead covered telephone cable were opened by the city commissioners this morning. The exact amount covered by the contracts will be 334,900 feet. The cable is for underground conduits, and will be installed during the coming construction season.

Tenders were received from the following companies:

The Canada General Electric company, headquarters at Toronto; the Standard Underground Cable company of Canada, Limited, of Winnipeg; Imperial Wire Cable company Limited, Montreal, and the Northern Electric and Manufacturing company with headquarters in this city.

The tenders were referred to the superintendent of the telephone department for a report and recommendation.

Publishing House Burned.

Des Moines, Iowa, Feb. 3 — Fire starting in the electric foundry partly destroyed the Homestead Publishing Company's four-storey building here today. The estimated damage is $175,000, covered by insurance.

STORMY MEETING OVER SALARIED SECRETARY

Trades and Labor Council Hear Protests From Several Unions Against Appointment of This Official—President Declares Appointment is in Order.

What might be termed a stormy meeting took place last night at Mechanics' Hall, Third street, when the Edmonton Trades and Labor Council met to discuss some important measures which had come up for consideration. The old question of the right of the council to appoint a salaried secretary and general organizer, which position is held by A. Farmilo, without first consulting the unions affiliated with the central body, was made the subject for open debate. Letters were read by the secretary bearing on this subject. The Electrical Workers' Union No. 554 questioned the constitutionality of the act, stating that unless the matter was properly dealt with the electricians would withdraw from the council. Other unions which objected to the proceeding were the Street Railway Workers, No. 569, and the Edmonton Sheet Metal Workers.

President Sustains Action.

The ruling of President Geary was that the action of the council in appointing a salaried secretary, was well within the rights of the Trades and Labor Council. He declared that the appointment was not unconstitutional, and he substantiated his decision by referring to the constitution itself. The matter was finally referred to a grievance committee composed of W. H. Clark, J. A. S. Smith, James McNern, R. R. Elliott and J. D. Liscum.

A communication signed by George E. Turner, building commissioner, was received from the Edmonton School Board. The letter stated that the board had accepted the following clause which relates to the scale of wages to be paid in future by contractors.

"The contractor shall pay at least the union scale of wages and work the recognized number of hours constituting a day's work of the building trades in force, in the municipality at the time of entering into this contract."

26 Unions Affected.

The secretary's report of progress showed that there were twenty-six unions affiliated with the central body, of which fourteen were not in good standing owing to the arrears in dues and taxes. In the report on the work of organization it was shown that several new locals were in the process of formation, and that the Bricklayers' Union had already been affiliated. Though incomplete, the report of the finance committee showed that there was at least $350 standing to the credit of the council. The labor temple committee had no report to offer.

The following resolution was adopted:

"Whereas, a local union of women has petitioned the city council for financial assistance to enable them to erect a rooming house for working girls in this city, pointing out that owing to the low wages paid to female workers and owing to the high cost of living, it has become difficult for many girls to secure an average standing of living and retain their respectability.

Protests Against Grant.

"Therefore, be it resolved, that the Trades and Labor Council strongly protests against the granting of public funds for any purpose that will make it possible for the employers of women workers in this city to escape the necessity of paying a living wage."

Following the adoption of the foregoing resolution a committee was appointed to interview the city council to protest against the establishment of a working girls' home.

WORKMEN ARRESTED ON CLAIM OF TENANTS

Realty Firm Issue Warrant For Men Engaged In Demolishing Their Place of Business.

Twelve men, employed by George Brown, who is building the ten-storey fireproof steel block on the corner of Jasper and Second street, were arrested this morning on a warrant obtained by Bessey and Moore, real estate men, whose offices adjoin the former, demolished by the disastrous fire a few weeks ago. Bessey and Moore claim that their lease of the office, which is a one-storey building, has yet two months to run, while Mr. George Brown claims that his action was dictated by considerations of safety for the occupants and also for the workmen employed in building the Brown block. Mr. Brown states that the roof and walls of the Bessey and Moore office were so badly damaged by the fire at the adjoining bazaar that he was positively afraid some accident might occur.

Mr. Brown stated that this morning at 7.30 o'clock they found that the east wall of the Bessey and Moore office was in danger of falling, while the roof was none too secure, and accordingly Mr. Jas. Prentice, the contractor for the Brown Block, started demolishing the office, which would now have been levelled to the ground had not the unexpected occurred, and in the form of Bessey and Moore, who arriving at an early hour, on business bent, found their office goods in dire peril, and the sky peeping through the roof.

Accordingly there was a hurried visit to the police station, where the law was invoked, as the result of which the twelve workmen were lined up within half an hour at the station, charged with doing wilful damage to the office of Bessey and Moore. However, the workmen had not long to wait, for a good fairy arrived in the person of George Brown, who bailed them out at $10 each.

The workmen will be brought up at the police court on Wednesday and charged with the offence.

THE FINANCIAL AND COMMERCIAL MARKETS

Chicago Grain Markets

Bulletin Leased Wire.

Chicago, Feb. 3.—Wheat prices sagged today as a result of the heavy snow, dispelling cold weather danger in the winter crop belt. The market closed unsettled at a decline of 1-4 to 1-2 net. Corn finished 1-8 and 1-4 to 1-4 up an doats unchanged at a shade higher.

Ohio as well as the southwest had a share of the snowfall that discouraged the wheat bulls. Toledo sent word that the crop outlook was fine, the best so far this season. Greatly increased offerings of cash wheat to arrive at Kansas City and here reflected similar conditions. Other depressing factors were huge world shipments and the smaliness of the visible supply decrease. Assertions that 35 boatloads had been taken by exporters at the seaboard, brought about a slight upturn in the last 15 minutes. In this connection a good deal of notice was taken of the small impression that the declines here have been made on values across the Atlantic. Corn attracted remarkable support on account of statements that, owing to drought, the Argentine export surplus would be less than half the previous year's total. It was also current gossip that farmers were selling but little at country stations west. On the other hand, business in oats proved slim and fluctuations not more than a shade.

Winnipeg Grain Markets

Bulletin Leased Wire.

Winnipeg, Feb. 3.—Trading on the wheat market during the earlier hours was fairly active and prices easier on the lower Liverpool cables, heavy world's shipments and seasonable weather reported over the United States winter wheat belt. Winnipeg options opened 1-8 to 1-4 lower, following which prices weakened, recovering at the close, which was 1-8 lower for both months.

Liverpool cables closed 1-4 lower and continental markets closed unchanged to lower. American markets opened 1-4 to 1-2c lower, showing weak during the entire session.

Minneapolis opened 1-4 to 1-2c lower and closed 1-4 to 3-8 lower.

Chicago opened 3-8 lower for all months and closed 1-4 to 1-2c lower.

The cash demand was poor and offerings heavy, while export traders were buying moderately for delivery at navigation opening. Prices were unchanged for off-grades and 1-8 lower for contract grades.

The demand for oats was quiet and prices lower. Options closed 1-8 lower and cash 1-8 lower for No. 2 C. W.

Flax was in fair request and prices advanced, closing strong, options 1 1-2 to 1 5-8 higher and cash 1 1-2 to 1 3-4c higher.

Inspections for two days, Saturday and Sunday, Feb. 1 and 2, were 653 cars, and in sight Monday were 350.

BOMBS ALL ALIKE.

Police Discover That Three Bombs in Recent Outrages Are Similar.

New York, Feb. 3.—Police investigation today of last night's bomb outrage in the Bronx brought out the fact that the infernal machine which killed Mrs. Madeline Herrera last night, in an apartment house, and wounded her husband and a woman boarder, was like the one which killed Mrs. Helen Taylor and the one sent to Judge Otto Rosalsky, of the Court of Special Sessions. All three bombs were in boxes constructed so that raising the lid closed an electric circuit and caused the explosion.

John P. Farrell, assistant janitor of the house where the Herreras lived, was held today as a material witness. Both Herrera and Miss Sarah Fughtman, the third victim, were in a serious condition today.

ALYSSINIAN RULER IS REPORTED DEAD

No Confirmation Received in London —Have Been Many Previous Reports to Same Effect.

King Menelik of Abysinnia is dead, according to a despatch received here from Addis Abeba today. His successor, Prince Lidj Jeassu, one of his grandsons, entered the Capitol on Sunday with great pomp.

Not Confirmed.

London, Feb. 3—No official confirmation has been recived here of the death of King Menelik, who has on several previous occasions been reported dead.

Prince Lidj Jeassu, who is said to have entered the Abyssinian capital as the new emperor, is only 17 years of age. He was selected some years ago by Menelik himself as his successor. He is a youth of great intelligence, son of Rah Machael, a powerful prince and governor of three Abyssinian provinces, and whose wife was a Menelik's daughter. Lidj Jeassu speaks English, French and German, and has been instructed by European tutors. There have been many rumors during the past five years of Menelik's death. It was reported at one time that the fact was being suppressed and that the Empress was conducting the affairs of the Abyssinian kingdom until Lidj Jeassu was old enough to take the government into his own hands. This was denied.

At the beginning of last year Menelik was reported to be paralized below the waist, and uncertainty has since reigned as to whether he was really dead or alive.

The Kingdom of Abyssinian has a population of 8,000,000 and possesses a powerful army. The political institutions are feudal in character. There is a sort of state council, which possesses very little authority, and a council of ministers with the usual portfolios.

Confessed to Shooting.

Bemidji, Minn., Feb. 3.—Admitting that he shot and killed "Big Sam" Marin over some money difficulty, August Johnson, 34 years old, a Danish lumber jack, is today occupying a cell in the jail here, having been arrested late yesterday.

Golden and Cards Best of Friends

Australian Expert Fools You While You Wait—Maude Fulton Ill—This Week's Vaudeville.

Will someone please appoint a royal commission to take a tour of investigation to Regina and Calgary. There must be something wrong with these towns, for it has happened for the past four or five weeks that acts scheduled to appear in Edmonton have been broken up through the sudden illness of one of the principals in either Regina or Calgary. The latest breakdown was that of Rock and Fulton. Miss Maud Fulton was taken very seriously ill in Calgary last Saturday and had to be rushed to a hospital in Spokane. It is said the eccentric dancer was suffering from appendicitis. As a result, Mr. Rock, not to disappoint Edmonton audiences, appeared last night, apologized for Miss Fulton's absence, and then sang two songs, just one verse and the chorus in each instance, with a trifle of dancing thrown in to show the crowd a little of what he could do. Mr. Rock declared it was ten years since he has done a "single," which may explain why he cut his share of the program to about six minutes. It appears also that Mr. Rock's music was carried away to Spokane in the confusion.

Don't ever get into a game of cards with Claude Golden. Claude hails from Australia, and if they are all of his ilk in the southern dominion beyond the sea, there must be some terrific bridge and poker games played there. Golden looks very meek, stutters a trifle while on the stage, and shows the people how he can tell the cards by "feeling the spots." In fact, he doesn't even need to do that, he "just thinks where they are," and the correct card promptly turns up. Golden deals himself a perfect bridge hand, pulls a royal flush of hearts out of various pockets, and does some really amazing stunts that win the instant admiration of the crowd.

Hugh Emmett and Mrs. Emmett have a little ventriloquial sketch that takes well. The fun with "Mike" is fast and furious and the jokes come almost faster than the audience can catch its breath after the last laugh.

Jean Bedini and Roy Arthur are comedy jugglers. They juggle crockery at a two-ten gait, and manage to smash a whole lot of plates, much to the joy of the crowd. This act, also, was partially incomplete owing to the illness of Eddie Canter, an assistant, but Bedini and Arthur did not let that make any difference.

H. K. Guerro and Mlle. Carmen play the violin and harp charmingly, receiving several recalls. The three Melvin brothers do some rather startling gymnastic feats, and the three Jordan sisters, all good looking, do stunts on a tight wire.

TOO COLD TO CATCH TURNIPS.

"Troubles never come singly, but in bunches," is a motto that may be adopted by the local Orpheum vaudeville management, for on top of the difficulty experienced by William Rock yesterday, Jean Bedini, the juggler, who was advertised to catch a turnip thrown from the roof of the C. P. R. building on Jasper avenue at 11 o'clock this morning, positively refused to perform the stunt, according to his announcement last night.

Although Mr. Bedini has performed this feat in several cities in America with success, he says that when he agreed to repeat the trick in Edmonton he understood that the weather was spring-like.

When he arrived in Edmonton and found that the temperature was several degrees below zero he refused to take any chances with the stunt, as one of his assistants froze a hand on the roof of a building where the stunt was scheduled to appear in Madison, Wisconsin, recently.

On top of this Bedini sustained an injury last night that came near incapacitating him for the rest of the season. While his partner, Roy Arthur, was merrily cracking china plates with a hammer, a chip of china flew into Bedini's left eye. He finished his act with considerable difficulty, but required the service of a physician after the performance. He will be able to appear today, however.

FAREWELL WEEK AT LYCEUM.

"The Little Minister," which opened an engagement of one week at the Lyceum theatre last night, is not the happiest selection for a closing program, as J. M. Barrie's attractive idyll calls for the picking of distinctive "types," and unless these are provided the play loses half of its flavor, and its delightful Scotch humor.

Although the play has been given here on previous occasions by stock organizations, the production of the Winnipeg stock company this week is far above any production of the same play seen here before. The settings for the five acts and four scenes are carefully thought out and complete in detail, making the slight anachronisms of costuming scarcely noticeable.

Miss Russell has the best role in the play in Lady Babbie. Her costuming of the part is beyond criticism, and she plays as though it had been in her repertoire an entire season. Jack Westerman does full justice to Gavin Dishart, the clergyman, and Lorenzo R. Muzzgar is seen to advantage as Rob. Dow. As "The Little Minister" requires a large cast of characters, it is necessary for Donald MacIntyre, Miss Gerrish and Marshall Taylor, a new member of the company, to "double" roles, which they do in a very satisfactory manner. Barrow Le Paige contributes a good make-up to the part of Lord Rintoul, and acts the role well. There is scarcely any halting in lines characteristic of a first night performance, and the bill goes with a swing that makes it doubly enjoyable.

"THE ROSARY" RETURNS.

Despite the chief character of a Catholic priest, "The Rosary," which will be seen at the Empire theatre February 6th, 7th and 8th, is nonsectarian. This is the play which broke so many attendance records last season, and thus far, judging from the size of the audiences in this and other cities, the public hasn't tired of it. Mingled with the darker colors of human tragedy is a vein of natural comedy evolved from the events during the action of the play. The role of Father Brian Kelly is cleverly interpreted by Frank Ireson.

METHODISTS TO URGE MANY REFORMS

a ten per cent. petition of the ratepayers.

6 That bars be closed on Christmas, New Year, Good Friday, Thanksgiving holidays and the whole of election days.

7. That no person be eligible for the position of justice of the peace, member of legislative assembly, or member of municipal council, who personally, or as a director of a company holds a license for the sale of intoxicating liquors.

8. That power be given a municipality to refuse a license for pool rooms, or reduce the hours within which they may be open.

9. That a suitable text book on the physical, moral, economic and social evils that result from the use of intoxicants and tobacco be inserted in the curriculum of the public schools.

10. That voters' lists be prepared for the election of members of the legislative assembly, and these lists be applicable to local option contests.

11. That provision be made to bring on local option in contests in any municipality, local improvement district, or group of these, a majority vote to decide the issue, the vote to be taken at the time of the annual elections, without the requirement of the deposit of one hundred dollars.

12. That the franchise be extended to women on the same terms as it is allowed to men.

13. That under the present law it would be unwise to bring on contests on local option in more than one license district at any one time.

These resolutions, in so far as they require amendments to the present legislation, will be submitted to the local government by delegation.

Endorse the Farmers.

The following resolution was passed:—

"We rejoice greatly that the United Farmers of Alberta have by resolution affirmed the earnest desire of the 14,000 farmers in that organization that a law prohibiting the sale of intoxicants in the province should immediately be enacted by the legislature, and we would hereby urge upon the Government the enactment of a provincial prohibition act, similar to the acts that have been declared intra vires by the Privy Council, the same to become operative when adopted by a majority vote of the electors."

Resolutions were passed asking the government to prohibit the sale of liquor in clubs, and on railway trains running into the province.

The Methodist people were also urged to give their first support to the work of their own department of temperance and moral reform, in view of the large schemes it has in view, and the efficiency of its leadership.

Social Reform Institutions.

Dr. Moore outlined plans for the institution of an industrial school for girls who are beginning to go astray. One city has offered a site of twenty acres for this purpose. Efforts are also being made to secure the establishment of rescue homes for fallen women, the municipality to provide the building and the church to assume the responsibility of its maintenance, and provide a staff of workers. The government will also be asked to provide suitable places for the committment of women who have gone so far that they must be confined to such institutions, and where they will be treated in a Christian and scientific way, from the standpoint of the social good of the community.

Amendments to the Criminal Code are to be urged by which the social evil shall be more effectually dealt our present double standard and with, the purpose being to eliminate treat the male prostitute with the same severity that is now shown the unfortunate woman.

Boxing Bouts.

The government will also be asked to amend the Criminal Code so as to define more clearly the difference between a boxing bout and a prize fight, to make the prize fight illegal, and attendance at a prize fight an indictable offence, and to confine boxing bouts to four rounds under restricted conditions.

The Naval Question.

After outlining the strong sentiment of the Christian Church against the use of the sword for the settlement of international disputes, the following pronouncement was given:

"That while Canadian Methodism has always been noted for its intense loyalty to the Empire, the Sovereign and the Flag, and is ever ready to advance the interests of the nation by fighting the moral foes that are within, as well as defending her honor and safety from any attack from without, yet we would strongly urge upon the parliament of Canada that instead of spending millions of money to establish armaments, or in attempts to build up industries that in the end spell economic waste, conferences should be had with sister nations of the Empire, and the governments of foreign nations, the United States in particular with the object of securing such concerted action as shall lead to the speedy establishment of an international court of arbitration, to which every international dispute, which cannot be settled by diplomacy, shall be submitted for final adjudication."

The Mormon menace was discussed briefly, and the concensus of opinion seemed to be that the best way to meet it was by the dissemination of literature to warn the people who are being deceived by the insidious methods of the Mormon missionaries.

ESTIMATES ARE TABLED AT OTTAWA

(Continued From Page One)

The fisheries votes include a sum of $145,000 for a fisheries patrol steamer on Lake Winnipeg. The vote for experimental farms is $250,000, an increase of $70,000.

Grant to Mrs. Fitzgerald.

A pension of $525 is provided for Mrs. Elizabeth Fitzgerald, widow of Major Fitzgerald, who lost his life on the Dawson-MacPherson trail.

The total militia vote is $10,479,367, of which $1,730,000 is for annual drill, the same amount as last year. The big increase is for engineering service and works, for which the vote is a quarter of a million greater than last year. There is a further vote of half a million dollars for French river harbor improvements and $63,000 for construction of approaches to St. Andrew's lock and dam on the Red river.

Died at Age of 101.

Winnipeg, Feb. 3.—Stephen Young, a pioneer resident of the Neche, N. D. district and Pembina County, is dead. Death was the result of old age, he being nearly one hundred and one years of age when the end came, Mr. Young came to Dakota territory in 1888.

NEW YORK GANGSTERS SECURED WRONG MAN

Confession of Eugene F. Fox, Who Was Indicted for Taking Protection Money Will Aid District Attorney in his Investigation.

By Bulletin Leased Wire.

New York, Feb. 3.— The confession of a patrolman to-day gave the district attorney the long-sought-for instrument by which to uncover corruption in the New York police department.

The investigation of alleged graft among the police was aided by Patrolman Eugene F. Fox. On the first day of his trial for bribery Fox suddenly changed his plea and acknowledged his guilt.

The patrolman was indicted for taking protection money from a Raines law hotel. After he pleaded guilty it was said that he gave the district attorney facts that may lead to the indictment of two important members of the police department.

Fox will testify before the extraordinary grand jury next Monday. From him the district attorney expects to learn the details of the system of collections which it is charged certain police officers levied on various resorts.

Fox, it is reported, made a confession to the district attorney in which the name of a police captain was mentioned. It is also alleged that the policeman confessed to having collected protection money for the police steady from March 1908 to December 1912, and that during this time his monthly collections averaged about five hundred dollars. It is said that Fox contends that he turned the entire amount of his collection over to a police captain and that he was granted no financial allowance for his work, but was given shorter hours and easy assignments.

LOCAL INSURANCE CO.

Special to The Bulletin.

Wetaskiwin, Feb. 3.—The German Mutual Fire Insurance Company held its annual meeting last week. The object of the company is to insure farm buildings only, and the shareholders are exclusively farmers. For the past two years the company has been most fortunate, as there has not been a loss of any kind, consequently no assessment was made either. The amount covered by policies enforced in respect to first-class risks on January 20th, was $328,690. The officers elected for the coming year are:

President, Julius Dahms, vice-president, J. P. Gross; secretary-treasurer, P. C. Peterson; auditor, E. J. Davies; directors, J. F. Steinacker, A B. Everts, Fred Pinyon, G. H. Manser, Alfred Dahms, Henry Kaiser, R. Dickau, C. B. Weisser.

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial? Especially if you could try it for fifty cents!

Peps is the discovery!

Peps are little tablets, neatly wrapped in air and germ-proof silver foil. They contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the capillaries and tiny air sacs in the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

Peps are entirely distinct from the old fashioned liquid cough cures, which are merely swallowed into the stomach, and never reach the lungs. Peps treatment of coughs and colds is direct treatment.

If you have not yet tried Peps, cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps at 50c. box.

THE PURPOSE OF THE DECISION.

If the decision of the law lords on the A. & G. W. appeal had straight-forwardly allowed the claim of the Royal bank for monies advanced to the railway company there would have been less reason to reflect upon the fairness of their decision. But quite evidently their Lordships were unable to find facts that would justify them in rendering such a judgment. That is to say, the bank's claim was not good in law. Not being a claim that in itself could be recognized, the only recourse in protection of the bank's interests was to tie up the whole question in the name of the bond-holders — whose interests were already fully protected, and who were not asking for any protection.

The judicial committee of the Imperial Privy Council is the court of last resort. Its decision is final. It is a good thing that there is a court of final decision somewhere. But it would be a good deal better thing if the highest and last court of the Empire had the view that is now dominant in Canada: that public right should have consideration above private interests. The decision in the A. & G. W. case, following those of the Toronto Street Railway and the Winnipeg Street Railway cases sets back the clock in the matter of public rights. The progress that the people of Canada have thought they were making in the protection of the public against private or corporate greed is now shown to be largely illusory., But that is not to the discredit to the men or the municipalities or the governments that have endeavored to protect the public rights. They have gone up against a game in which the cards were stacked against them. But the only way by which they could know that they could not win was to try the question out to a finish. Better for the public to lose out now and know where they are than to go on granting advantages to private corporations on conditions that are now declared binding upon the people but not on the corporations.

It is to be remembered that the law lords declare valid the legislation which closed out the contract with the A. & G. W. company so far as the closing out of the contract is concerned, but declare that the Legislature had not the right to dispose of the money of the bond-holders deposited in the banks. This leaves the Royal bank just as far as ever from realizing on its claim for money advanced to the Railway Company, except in that it permits a continuance of the existing hold-up. It was no doubt the intention of their Lordships to punish the people of Alberta for daring to attempt to enforce their rights against a defaulting company, and to compel a settlement of the claims of the bank—which claims they could not directly support in their decision.

THE HOME RULE CONTEST.

The day the House of Lords rejected the Home Rule Bill the Nationalists won the 'Derry by-election, and so secured a majority of the members of Parliament from Ulster County. The score for the day was thus one point to each side.

The House of Lords having rejected the bill, it is for the House of Commons to make the next move. Should the bill be passed by the House at the next session, and should the Government then be sustained in a general election the Lords are bound to pass the bill. Obviously the promoters of the measure are not yet out of the woods.

It is notable that the Nationalist candidate who won in Londonderry is a Protestant. The line of cleavage on the Home Rule question, even in Ulster, does not seemingly follow that of religious difference invariably.

Another point that can hardly have escaped notice is that during this campaign on the Home Rule question in the very heart of the district hostile to Home Rule no ruction occurred worth being reported to the newspapers. Surely Ireland cannot be Ireland still. Do her sons no longer carry their opinions in their hands? And have her daughters forgotten that a cobble stone in the toe of a stocking is a mightily potent argument with while to silence an obstinate opponent?

SOME INFORMING FIGURES.

The rate at which the population of Alberta is growing is shown by some figures given by the Minister of Education to the school trustees at their annual provincial convention. Last year there came to Alberta from various parts of the world 601 teachers, whose qualifications were recognized and who were given certificates to teach here. The ranks of the teachers were further strengthened by 286 graduates from the normal schools of the Province. Yet to prevent schools in some districts being closed for lack of teachers, and the scholars of those districts shut out from educational opportunity of any kind, it was necessary to issue provisional certificates to 414 persons not otherwise qualified to teach.

Equally notable was the statement that during the year the Department authorized the issue of nearly three million dollars worth of school debentures.

These figures serve to show in a striking way how rapidly schools are being built and enlarged in Alberta; and also what a formidable task confronts the trustees and the Education Department in trying to secure a sufficient number of teachers without lowering the standard of qualifications demanded.

They are scarcely less interesting as an indication of how rapidly the vacant spaces in the Province are being filled with people.

CURRENT COMMENT

Only Taking the Count.

Toronto Globe: Protection will never be dead while a man wants to get hold of his neighbor's money, and free trade never will be dead while a man wants to keep his own. Protection is only knocked out for the count in Britain.

Canadian Courts Final.

Toronto World: The expression of opinion by Canadian papers, to the effect that our own federal supreme court ought to be final in all Canadian cases not involving constitutional issus, is almost unanimous.

What remains, then, is for parliament to say so and to strengthen the court to that end. And it will stand it.

Rubbing It In.

Farmers' Sun: After all what is needed is not so much more knowledge as to how crop production can be increased as a plentiful supply of the labor necessary to production and the assurance to the producer of a fairer share in the product of his toil. It looks like rubbing it in, when the farmer is robbed of his labor by a policy which enables the protected manufacturer to outbid him in the labor market, and when he is denied by his own government access to the best market in the world, to have that same government offer him a lot more professional advice as to how to water chickens and shear hogs.

Ought to Be an Election.

Farmers' Sun: An election there ought to be, if popular government in Canada is not to be reduced to a farce. What right have these members of parliament, elected in 1911, to decide, without reference to the people, issues so important as those involved in the naval resolution and the amendment now before the House? The passage of either of these will not be an ordinary resolution of parliament revocable at will, but a compact with the people of Great Britain from which Canada will free herself, should she so desire, only with humiliation and after bitter political strife ending perhaps in estrangement from the mother land. It is said that in the matter of what is called imperial defence there ought to be no party politics. Is it meant that in such a matter a corrupt, servile or spiritless parliament may bind the people irrevocably, not only to the expenditure of money but to the resignation of liberty?

Largest Station in Europe.

Berlin, Feb. 3.—The new railway depot at Leipzig, stated to be the largest in Europe, was opened on Saturday night in Leipzig, which is in the kingdom of Saxony. Leipzig is near the border of Prussia and state prejudices are still evident in the new station. Only Prussian porters are permitted to carry luggage from Prussian trains and only Saxon porters from Saxon trains.

Remarked on the Side

An Alberta bachelor, full of admiration for the women strikers in New York, is willing to marry one of them, and states that he is six foot tall, weighs 200 lbs., and "has not a mark or scar." Some of the Amazons who laid the policemen out will no doubt be able to supply the deficiency.

The head of the Bulgarian peace delegation is reported to have expressed the belief that Turkey, after being forced quit Europe by the Allies, will become their friend. It is very natural that the lion, lying down with the turkey inside, should wish the latter to agree with him.

* * *

Lantern slides illustrating a lecture on prehistoric animals are said by a provincial paper to have made the audience glad they did not live in prehistoric times. This feeling will doubtless be shared by many who have not seen the pictures, for even those ratepayers who escaped the fearsom creatures which cavorted around in those far-off days are very dead by this time.

The intrepid female vote-hunters have now actually gone the length of damaging the putting-greens on British golf courses. That is probably the last straw. The daring sportsmen who pursue a gutta ball over hill and dale, in spite of wind and weather, will now arise in their gentle might and give the Suffragettes a good frown.

* * *

In a Manitoba court the other day the defendant's solicitor was the son of the presiding magistrate, and the local paper says "to hear the young lawyer address his father as 'your worship,' and the father address his son as 'Mr. B——' was rather amusing." The fact that hte son won his case was also a pleasing feature of this family gathering.

PAPER-MAKERS MAY NOT GET RECIPROCITY

Must Be No Limit on Amount of Timber Exported From Quebec Crown Lands if Free Trade is to Prevail.

Washington, Feb. 1.—Unless Quebec gives assurances that no limit will be placed upon the amount of the timber which may be exported to this country from the crown lands from which it has raised the export embargo, the United States government likely will refuse to grant the privilege of free entry to the wood pulp and paper manufactured from the woods of these lands. This was learned tonight as the probable attitude of the United States. The question will be decided finally next week.

Travers Goes to Kingston.

Toronto, Feb. 3.—With the death of Dr. William Beattie Nesbitt, Walter R. Travers' little jaunts to Toronto from Kingston have ended. Travers was taken back to Kingston yesterday in company with two other prisoners by the sheriff's officers, to serve the rest of his five-year sentence. Travers had been in the jail since November 9th, where he was held pending the trial of Dr. Nesbitt. Since Travers was sentenced he has made many trips to Toronto over investigations arising out of the Farmers' bank case.

TO THE MAN WHO WILL LOOK AHEAD

The men in Edmonton—and in every other Western Canadian city—who have made money on real estate investments, have invariably done so by LOOKING AHEAD.

In Edmonton a man does not have to look ahead very far to realize that in GROSSDALE at today's prices, there is a wonderful opportunity for profitable investment.

It is our belief that a man should double his money in GROSSDALE in a very short time.

We back this belief with the fact that development on the South Side of Saskatchewan river is only commencing. The completion of the C.P.R. high level bridge—early this summer—will be the signal for an activity in this section of the city that will surprise the most optimistic.

During the past year people have been doubling, and in many cases trebling their money in South Side investments. Who can tell what they will do when the real activity on the South Side commences? Success is surely in store for those who are taking advantage of the present low prices and easy terms and buying now in

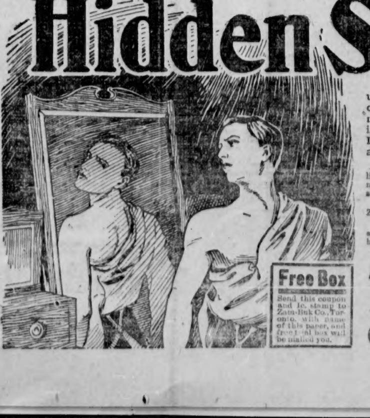
Hidden Skin Troubles



Free Box

Send this coupon and 1c. stamp to Zam-Buk Co., Toronto, with name of this paper, and free trial box will be mailed you.

Have you on some part of your body a sore, or eruption, or ulcer, or eczemous patch which, hidden from the gaze of others, yet causes you hours and hours of pain and inconvenience? Have you tried this, and that, and the other remedy in vain, and are you feeling disheartened and discouraged? If so, read the following instances of Zam-Buk's healing power, and apply it to your case:

"I had an ulcerated leg for several years. The ulcers spread all round the limb, which was swollen to nearly twice its normal size. Several doctors treated me. One suggested amputation. None did me any good. Zam-Buk healed the sores!" So says Mrs. Gilmour, of Princess St., Kingston. Or, read this:—

"My mother tried many things for abscesses and eruptions, but in vain. In Zam-Buk she found a complete cure." So says Miss A. Coggill, of Wapella (Sask.).

Sufferers from these "Hidden Skin Troubles" of any nature should profit by such experiences as this. Zam-Buk is seen at its best when applied to cases which have defied ordinary treatment. Write for trial box, and test it at our expense.

Zam-Buk

ZAM-BUK AND A MIRACLE OF HEALING

Over and over again Zam-Buk has performed a miracle of healing when applied to sores and skin injuries which have refused to heal under any other form of treatment. Why not let it heal your trouble? Immediately Zam-Buk is applied to a sore or wound or diseased portion of flesh it commences its work in two directions. It anoints the exterior, and its antiseptic properties prevent any germs and bacilli from creating trouble. Then the herbal essences and juices, so finely purified and concentrated, penetrate the subjacent layers and stimulate the weakened or diseased cells to active, healthy operation. These cells then put forth their "Building" products, and replace the diseased outer layer with fresh and healthy tissue. By degrees the whole diseased surface is thus replaced by new healthy skin.

In this way Zam-Buk cures cuts, burns, bruises, ulcers, abscesses, itch, eczema, eruptions, pustules, scurvy, salt rheum, blood poison, and other forms of skin trouble. Zam-Buk also cures piles, varicose ulcers, etc. All druggists and stores sell at 50c. per box, or from Zam-Buk Co., Toronto, for price. 6 boxes $2.50.

Will Appoint Women Correspondents.

Ottawa, Feb. 2.—The Minister of Labor is inaugurating a new move for the protection of women and the safeguarding of child labor in Canada, by appointing in the four largest cities of the Dominion women correspondents of the Labor Gazette, whose duty will be to keep in closest touch with all the conditions surrounding the employment of the women and children, not only in shops and factories, but in domestic service as well.

The first four inspectors will be appointed in Montreal, Toronto, Winnipeg and Vancouver, and if the plan proves as successful as expected, female representatives of the department will be appointed in all the other cities of the Dominion. The appointment of a fifth inspector for London is being considered at the present time.

Haphazard, occasional saving seldom accomplishes much. It's the steady, persistent, regular depositing of so many dollars a week, or month, or season, in the Union Bank of Canada, which makes one financially independent. The money accumulates all the more rapidly, too, because of the Interest which is added every six months.

AROUND THE CITY

The regular meeting of the Ladies' Aid Society of the First Presbyterian Church will be held in the lecture-room of the church on Tuesday, February 4th, at 3 p.m.

H. H. Verge, civil engineer on the western division of the Grand Trunk Pacific, and Peter Henning, a contractor, at the present time overseeing a large contract at Mile 49, B.C., are spending several days in Edmonton.

INSTRUCTIONS FOR ESCORT.

"A" Squadron 19th Alberta Dragoons—All N.C.O.'s and men volunteering for the escort to His Honor the Lieutenant Governor, upon the occasion of the opening of the Legislative Assembly, will assemble in the Armoury on Wednesday evening, the 5th inst., at 8.00 p.m. for instruction. Dress, drill order.—C. Y. Weaver, Lieutenant and Acting Adjutant.

OLD FIRE BREAKS OUT.

The fire which has been believed to be burning for a long while past in an abandoned pit at the Cardiff Collieries at Morinville, broke out from the pit shaft on Saturday afternoon, and did considerable damage. The tipple at the pit head was destroyed.

FOUR YEARS IN PRISON.

Four years' imprisonment at Lethbridge penitentiary was the sentence meted to Victor Vernon, who had been charged with burglary, by Justice Taylor at the District Court this morning, while Jas. Martin, charged with a similar offence, was sentenced to one year at Lethbridge. The prosecution was conducted by Mr. E. B. Cogswell, the crown prosecutor.

PROVINCIAL APPOINTMENTS.

The following appointments are announced in the last issue of the Alberta Gazette:

License commissioners: David Calvin Bayne, Banff; Thomas McKercher, Olds; Oscar Frederick Strong, Edmonton.

Instructor of Manual Training—Leo E. Pearson, at Normal School, Camrose.

Sheriff's Bailiffs—Thomas Richmond, Mosside; James Bussard, Carlstadt; Christian Schneider, Hilda.

Game Guardians—William B. Carson, Hardisty; G. G. Fuller, of Botterill.

Pound-keepers—Pearcy David, of Claresholm; H. W. Byers, Taber; Arthur Perrey, Cardston; William S. Long, Altorado; Wesley Sellers, Chinook; Russell A. Marrin, Barney.

J. M. Whittaker, Mosside, sheriff's bailiff, and Gilbert J. Olum, Meeting Creek, game guardian, have resigned.

WATCHMAN HELD UP DETECTIVE

Just before the alarm of the Namayo avenue burglary was sent in to the police station, early this morning, a 'phone message was sent in to the detective department that someone had been trying to break into the Marshall-Wells hardware store, on First street.

Detectives Lang and Meehan responded at once, but although the night watchman stated that the sounds had proceeded from the rear door, the officers could not even find a trace of anybody's footsteps in the deep snow.

To make assurance doubly sure, however, they thoroughly searched the basement, leaving the watchman upstairs. They were there for quite a while, prosecuting their search, and the watchman evidently forgot their presence, for when Detective Lang started to go upstairs again, he found himself looking into the muzzle of a gun held by the night watchman. The latter wore quite a sheepish air when the detective sternly ordered him to put the weapon in his pocket.

Pope's Health Gives Anxiety.

London, Feb. 3.—Rome advices state that the health of the Pope is again causing some anxiety at the Vatican. The recent damp weather has increased the gouty symptoms and the condition of the heart is not satisfactory.

INJURIOUS ADVERTISING.

Sometimes "good" advertising may prove harmful to others than the person who expects to benefit. Chief Lauder is of this opinion in regard to the methods employed by a cement firm in trying to profit by the recent fires in this city. This firm, in big type, makes the statement that Edmonton has had $2,000,000 loss by fire already this year. The fire chief has promptly risen to the occasion with a demand that the firm correct the statement or get ready for legal action.

Here is the letter that Chief Lauder sent to the publicity department of the Canada Cement Company in Montreal:

"In the edition of an evening paper of January 31st, 1913, you had a half-page advertisement of "Canada" cement. Under the heading "Will you pay for such fires?" you state "Nineteen-thirteen is still hardly a month old and yet Edmonton's loss from fire in the new year is already nearly two million dollars.'

"For your information I would like to state that this city's fiscal year starts on the first day of November each year. During the three months ending January 31, 1913, the total fire loss will not exceed two hundred and twenty-five thousand dollars ($225,-00.00). I do not know how you obtained your information, and while I must admit that it would no doubt be a first-class advertisement for "Canada" cement, I must take exception, as I do not consider that it is proper that you should endeavor to sell your goods at the expense of the citizens and this department. If your advertisement was allowed to go unchallenged, it would prove a detriment to the building operations during the coming year. I must therefore request that you print a denial to the portion of the advertisement to which I have taken exception, giving it the same prominence and large type with which the above was favored. If this is not done without delay, other action will have to be taken."

Pete Burley and Harold Deeton Will Handle Game

Rev. Robt. Pearson Appoints Officials for Tomorrow Night's Dominions-Eskimos Hockey Game—Burley Will Referee and Deeton Will Act As Judge of Play.

Pete Burley as referee, and Harold Deeton as judge of play, are the officials who will handle the big hockey game at the Thistle rink tomorrow night between the Dominions and the Eskimos. With these two men in charge the big game of the season should be well handled.

The selection of the officials was left in the hands of Rev. Robt. Pearson, president of the A.A.H.A., as the two teams were unable to agree on this important point. Mr. Pearson informed the Bulletin of his selection over the long distance telephone last night.

Burley and Deeton should be satisfactory to both teams, and to the hockey fans. Both know the game from every angle and it is doubtful if a better selection could have been made. Pete Burley has made an enviable reputation for himself in Mercantile hockey circles this winter and it has become a saying "nothing gets by Pete." Any player who endeavors to loaf offside, kick the puck or perform other technical offences will surely find himself in hot water tomorrow night.

The appointment of Harold Deeton means a clean game of hockey if it is within the power of the judge of play to make it clean. Deeton is a firm believer in clean hockey and dirty tactics of any kind generally mean a long trip to the fence.

Among the fans of the city, tomorrow night's big game is causing an immense amount of speculation. By all the laws of the game the Dominions should be favorites over the Eskimos by virtue of the fact that they have chalked up a win at the expense of the champions. But it is doubtful if such is the case. Each team has hosts of supporters who are pulling for their aggressive favorites. Possibly those who are taking a neutral view of the situation have a "hunch" that the Eskimos are due to win.

Neither septette is showing any over confidence. Both are practicing hard at every opportunity and if this goes for anything it is nothing more nor less than a toss-up as to the winner. Marty Walsh is coaching the Eskimos and the champions are learning a lot from the ex-Ottawa pro.

The line-ups have not been announced yet but it is certain that all the regulars of each team will be out.

The Legislature Will Be Asked to Pass on Boxing

Alberta Temperance and Moral Reform Committee Would Restrict Exhibitions to Four Rounds—Want Difference Between Boxing Bout and Prize Fight Defined More Clearly.

Boxing fans of Edmonton will be greatly interested in a resolution passed by the Alberta group of the temperance and moral reform committee of the Methodist church of Canada, which met in Edmonton last week.

The convention passed a long list of resolutions dealing with various subjects and also decided that the provincial government will be asked to amend the criminal code so as to define more clearly the difference between a boxing bout and a prize fight, to make the prize fight illegal, and attendance at a prize fight an indictable offence, and to confine boxing bouts to four rounds under restricted conditions.

Beyond a doubt the foregoing will not prove at all popular with several thousands of citizens of Edmonton who patronize the boxing exhibitions which are staged in this city. If the bouts are restricted to four rounds it will practically kill the game so far as Edmonton is concerned.

Bad Features Eliminated

During the past year or more boxing has been placed on a plane never before reached in Edmonton. Every objectionable feature has been eliminated and in the opinion of the police they have always come within the meaning of the phrase "boxing exhibition," as distinguished from "prize fight." It is doubtful whether more orderly affairs have been staged anywhere in the continent than those put on by the Edmonton Athletic club.

Eight-Ounce Gloves

One of the improvements in local boxing exhibitions during the past year has been the introduction of eight-ounce gloves, since which "knock-outs" have been practically elminated. If such have occurred they have been accidental. The absence of objectionable features is made more apparent by the fact that there have been no complaints of any nature made. Chief of Police Carpenter and Inspector Wright have been present at practically every exhibition. If any objectionable features crop up, the police are empowered to stop the contest at once. That they have not done so, with the exception of one unfortunate exhibition almost a year ago, is proof that the contests have been well within the scope of the law.

Boxing fans will watch with interest the attitude taken by the legislators when the matter is brought up in the house this month.

YALE WILL ADOPT NEW SYSTEM OF FOOTBALL

New Haven, Con., Feb. 3.—Yale is going to adopt a new system in fotoball, as in rowing, this year, according to the decision of the meeting of captains and coaches held a short time since. The inability of the team to make a much better showing than the crew was the cause of the meeting, and the situation was threshed out, and four plans were talked over at length. It was suggested that the present system be continued, with some member of the team as head coach for Capt. Ketcham, but this did not meet with favor. Another suggestion was that a head coach, with salary, be appointed to have full charge of the squad. Another was that Walter Camp be appointed head coach, with a field coach to assist him; but these were also opposed, so it was finally agreed to choose an advisory committee to plan the campaign, and Capt. Ketcham will appoint five graduates to act with him in the selection of a coach. Ketcham has already appointed Walter Camp as a member of the committee, and will announce the other members shortly.

According to Capt. Ketcham, the committee is likely to agree upon the appointment of a head coach on a salary, who cannot, however, be engaged for more than one year under the new athletic constitution. This coach will be a man who has been out of college at least six or seven years.

WINNIPEG MAN QUIT

Bulletin Leased Wire.

Winnipeg, Feb. 3.—Clarence Eklund, the Moose Jaw grappler, tucked another scalp in his belt here tonight by easily defeating Ernest Barschel, the local wrestler, in a handicap match. Barschel, though clever, was no match for the Moose Jaw artist, who had him completely at his mercy at all times. Eklund undertook to throw his opponent three times in 90 minutes and obtained the first fall in 12 1-2 minutes. The second fall came with remarkable ease in 45 seconds, which ended the match, as Barschel refused to appear for the last fall.

McCARTY WILLING TO FIGHT JOHNSON

St. Paul, Minn., Feb. 3.—Luther McCarty, new white heavyweight champion, will meet Jack Johnson for the world's title, now held by the negro if the match is desired by the public. This statement was made by McCarty.

"Wherever I go I am asked that question. Every audience before which I appear clamors for a speech, and wishes to know if I will meet Johnson. I do not care to meet him. I think he should be barred from the ring, but he has not been defeated by a white fighter, and the American public wants to have him defeated.

"Therefore it seems to be up to me. If the clamor grows I will fight him. However, the bout will be fought in Europe; I do not think it would be allowed in this country."

BOY SKATER WON TWO

Bulletin Leased Wire.

Boston, Feb. 3.—Bobby McLean, the boy skater from Chicago, won two indoor skating championships at the Boston A. C. tonight. No record was made. Following is the summary:

200 yard dash—Won by Robert McLean, Chicago; second, R. L. Wheeler, Montreal; third, A. J. Sickey, Cleveland. Time, :21 1-5.

440 yard dash—Won by Robert McLean, Chicago; second, W. Gunderson, Chicago; third, A. J. Sickey, Cleveland. Time, :41 1-5.

Two miles—Won by R. Wheeler, Montreal; second, A. J. Sickey, Cleveland; third, Joseph Hoerning, Cleveland. Time, 6:04 1-5.

ROBINHOODS WON

Bulletin Leased Wire.

Moose Jaw, Feb. 3.—The Robinhoods defeated Weyburn in a fast and exciting S. A. H. A. fixture here tonight by a score of 6 to 2. Both teams were weakened by the absence of one of their star players, the Millers being without the services of Masson, while Weyburn lacked McSherry.

For the home team Barlow and Lobsinger starred, while on the visitors' side McManus, Craig and Fraser showed up best.

The game was particularly clean, only four players decorating the fence during the course of play.

THIRD ROUND OF ENGLISH CUP

London, Feb. 3.—Games for the third round of the English cup to be played off on February 22:

Reading vs. Blackburn Rovers.

Liverpool vs. Hull City or Newcastle United.

Bristol Rovers or Norwich City vs. Brighton or Everton.

Oldham Athletic vs. Manchester United.

Bradford vs. Chelsea or Sheffield Wednesday.

Sunderland or Manchester City vs. Swindon.

Aston Villa vs. Crystal Palace.

Burnley vs. Middlesbrough.

MOOSOMIN WINS

Moosomin, Sask., Feb. 3.—In a fast and furious game tonight in the second series of the East Saskatchewan hockey schedule, Moosomin defeated Wolseley's star team by a score of 10 goals to 3. This still leaves Moosomin undefeated in the series.

TABER CHEFS AND SHERMANS PLAYED A TIE

Calgary Fans Saw Best Game of Season Last Night, Resulting 7—7.

Special to the Bulletin.

Calgary, Feb. 3.—The Taber Cooks and Shermans put up one of the grandest games of the season here tonight without reaching a verdict, the final score being seven all.

It was Charlie McCarthy and team work that saved the Shermans from defeat. McCarthy had plenty to do, particularly in the last twenty minutes of the first period, and he more than made good. He stopped shot after shot. In team work, Shermans were slightly superior and this became evident in the last half.

Shermans Started Well

Shermans were off like shots and had tallied three before the visitors found their bearings. The Chefs then began an uphill fight and the score stood 3 to 1 for a time. Shermans added another and then the Cooks got going. At half time it was 4 to 3 in favor of Shermans. On resuming play the Cooks soon made it even and then took one goal of a lead. Playing desperately, Shermans managed to tie the score and a couple of minutes later added another. When Thompson made it 7 to 5, a Sherman victory seemed evident. The visitors proceeded to attack and with a minute and a half to play, Baird scored for Taber. Thirty seconds later Doc. Barbour added another and the whistle sounded with the score a tie.

Everybody voted it the best game of the season. The rink was filled to capacity.

Lloyd Cook and George Baird were stars for the Cooks, while Bishop and McCarthy carried off the honors for Calgary.

SEARCHING CANADA FOR BALL PLAYERS

Charles Comisky, Owner of Chicago White Sox, Has Joe Page Scouting.

Montreal, Feb. 3.—In their search for material to strengthen their teams, the owners and managers of the various big baseball league teams are now looking over Canadian territory in the hope of making a valuable find. Several good players have been found about Canadian towns during the past couple of years. Finds, however, have not proven very numerous of late, and by no means as numerous as the managers would like to have them.

Charles A. Comiskey, president and owner of the Chicago American league team, is one of the first of the big men to strike out in Canada. He is determined to strengthen his team for the coming season, and has appointed Joe Page, well-known throughout Canada as a baseball league organizer, as the sole Canadian representative for the Chicago club. Joe is now able to go after any likely-looking material he may come across, and has the right to have the player affix his signature to [illegible] Comiskey has known Page for some time, and is confident of his ability to land a couple of promising youngsters.

ENGLISH STAR QUITS SADDLE

London, Feb. 3.—The English turf will be minus the services of one of the greatest jockeys in the world when the season opens in March. It is said on good authority that Frank Wootten, who led the list of winning horse pilots for the past three years in this country, has announced that increasing weight will force him to give up riding next season. Wootten is considered one of the greatest jockeys the English turf has ever produced. For the past three years he has been the rival of Danny Maher, the famous American jockey. He will probably apply for a license to train and enter into partnership with his father, who is one of the leading thoroughbred handlers in this country.

CLUBS GET PITCHERS IN LINE EARLY

"Matty" Says Marquard Will Be With the Giants Again This Season.

"Rube" Marquard will be with the Giants next year, according to some information which I received indirectly from him this week, says Christy Mathewson in a recent interview. He probably will not be on hand for the training season, but he has decided to return to baseball after having retired for the winter.

I got the news from a baseball man who had talked with him less than one week ago, and the "Rube's" only problem now is to get back into the good graces of the Giants' manager and the New York fans. If he has a good season he does not need to worry, but if he should fall into a bad year he has fixed it so that he will receive no end of a panning from the fans, not to mention his boss. Every time that he is taken out of the box next summer there will be an opportunity for a pointed reference to his actions of this winter.

But let Marquard come through with a great year, and nobody will remember what he has been doing this winter. I look for Marquard to have a good year in spite of the many prophets of evil. "Rube" is young and can stand more work than a lot of persons give him credit for. However, if this story reaches him I would earnestly recommend that he report at Marlin, because he is going to let himself in for a very much easier summer of it by doing this. Not only will he start away in good physical shape, but he will stand a better chance of being pardoned for the interviews which he has scattered over the country this winter.

Demaree Is Valuable.

With the return of Marquard the Giants will be well off for pitchers this year, because Demaree is sure to be valuable. He may not be a regular worker, but he showed last fall that he has the head to remain in the big league. That is the important thing—the head. Demaree has a style which will not permit him to work very often. His delivery is something similar to Wiltse's form, with the exception that he is a right-hander. It is a peculiar little jerk with the arm, and he does not get his entire weight into it.

But Demaree has good judgment and can size up a batter; he used his head. He is not like a callow and green youth just breaking in. He has had a lot of experience in the minor leagues, and has acquired a poise which some of the other youngsters, who may some day develop into greater pitchers than he, have not yet attained. Demaree gets a sharp break to his curve, and he has a very good change of pace, that he delivers with the same motion that he uses for his fast ball.

Coombs' Success Explained

Speaking of pitching form, McGraw called my attention to a picture the other day that largely explains John Coombs' success. Coombs is not a big man when compared to pitchers built like Tesreau, or Reulbach, or Marquard, or even myself. He has not the height, which is a valuable asset for the art, and gives more of a snap to the fast ball. He is considerably under six feet, I should say.

"Look at that picture," said McGraw, showing me an old photograph of a game in the 1911 world's series at the Polo grounds which he had just come across; "that shows why Coombs is a great pitcher."

We studied it for a minute. The picture was taken just as the ball was leaving Coombs' hand, and he is balanced away up on his toes, while it is evident that every ounce of weight in his body is in the pitch. His position makes that plain, while the tense lines in his face show the effort which he is making.

"I am going to keep that picture," said McGraw, "and show it to some of my youngsters. I want them to study it to see if they cannot get the knack of putting the weight behind the pitch"

Fans often wonder why some large men cannot develop a great amount of speed. It is because they do not know how to apply their strength. They cannot get their weight into the pitch. It is like driving an automobile with the clutch slipping. The power is there all right, but it does not get to the back wheels, so what is the use of it?

Both at Polo Grounds

Both the Giants and Yankees (Frank Chance, please pardon) are to play at the Polo grounds this year, and my comment will be only transitory for that is one of the phases of the game in which a player is not supposed to be interested. It is the business of the owners of the clubs.

However, I think it will be a good thing for both clubs. It seems a shame that such a fine stadium should be empty half of each season, while the home team is on the road, but, for a permanent arrangement, I think it would be bad, because it takes some of the healthy rivalry and zest out of the game. It is a return of the courtesy which Frank Farrell showed the Giants when he offered American League park to the club within one hour after the Polo ground stand had been burned in 1911.

Frank Chance will not need to feel like a stranger at the Polo ground, either, as he would if he went to the old park on the Hilltop. He will be able to tell his right fielder how to play the ball off the wall, so that he can keep the hit to one base. Don't follow the ball, but wait for the corrom. "Jack" Murray might be able to give a little instruction in this art.

Connie Mack's Pitchers

"Connie" Mack has sent Bender, Plank, and Coombs to San Antonio, Texas, to start conditioning for next year. "Connie" evidently wants to win the pennant this year, and it is no secret that he blames his pitchers for the way his team fell off in the race last season. Bender and Coombs were of little use all summer, Coombs because of a strain which he received in the previous world's series, and Bender, it is said with "Connie" Mack the authority for the statement, because he failed to keep in condition.

Bender has been taking good care of himself this winter, and had just returned from a hunting trip in the best of shape before starting south. Coombs is said to be entirely over his old injury, and with the three men in form, I don't see how any club in the American league is going to stop the Athletics this time. The rest of the team is there as strong as ever. The whole trouble with Mack's pitching staff now that there is not much youth in it. Plank and Bender have been working in the big leagues for a good many years, and they are bound to crack some time. Plank started in the game as a big leaguer the same year that I did. He came from Gettysburg, Pa., and I from Factoryville. We are both still hanging on, with Plank producing the best season of his career last year. He seems to improve with age, like a pair of shoes and wine.

A Shrewd Move

The failure of the Athletics to finish one or two last year shows that the pitchers are an important part of a ball club. According to my rating, they amount to about fifteen per cent. of the defensive strength. Many critics believe that they are more than 15 per cent, but it must always be remembered that there are nine other men. Without these, a twirler could not do much good. Of course, without good pitchers a ball club is practically helpless.

Mack is a smart manager, and in sending his pitchers down south so early, he probably expects to get far in the lead. His idea is to let them work out their muscles with long walks and easy exercise for the first few weeks without any actual pitching. It is the gradual process which shapes the men up for the hard grind of a long race. They are all slowly swinging round to the McGraw contention now that a long training season makes a hard runner.

VISITORS ARE BANQUETTED AT RED DEER

Big Bonspiel Opens Today With Thirty-Two Rinks Entered.

Special to the Bulletin.

Red Deer, Feb. 3.—The third annual bonspiel of the Red Deer Curling club opened this evening in the form a smoker and social evening in the Oddfellows' hall and from all prospects it promises to be the best 'spiel ever held in Red Deer, as with a total of thirty-two rinks entered over half are from outside points. Calgary is the largest represented point, as East Calgary has three rinks and Victorias Curling club sent one. The following is a list of the rinks entered: Campbell, Clarke, Welliver, Pearson, Wallace, Moore, Hanna, Parker, Gibson, Stephenson, Humber, Latimer and Malcolm, all from Red Deer; Palmer, La France, Calgary; McKay, Meason, Camrose; Roxboro, Olds; Johnson, Capital City, Edmonton; Nesbit, Wetaskiwin; Dillon, Castor; Shortt, Watt, Innisfail; Staples, Wetaskiwin; Bowen, Farncombe, Loughlin, Strathcona C. C., Edmonton; Trimble, Lacombe; Ewing, Davison, Murphy, from East Calgary.

Good Ice Assured

A most enjoyable evening was spent. An excellent programme was rendered and many short speeches were made. The weather is ideal, being clear and cold and with seven sheets of ice and lots of competition all the contests will be keen and everyone seems confident of success. President J. A. Carswell of the Red Deer Curling club, in a few words, welcomed the visitors in a most fitting manner and also extended a welcome from the Red Deer club to all visiting curlers. Mayor Galbraith extended a hearty welcome to all the curlers on behalf of the citizens of the town of Red Deer and hoped that every visitor would enjoy himself to such an extent that he would be glad to return. Mr. A. R. Gibson, of Red Deer, made a bright Scottish speech of welcome on behalf of the Red Deer club. Mr. Living, of East Calgary; P. Bowen, of South Edmonton, and A. Johnson, of Capital City rink, Edmonton, made speeches in reply to those of welcome extended to them, after which the following draws were made.

9:30 P. M.—Grand Challenge

Farncombe, Strathcona, vs. Campbell, Red Deer.

Dillon, Castor, vs. Malcolm, Red Deer.

ART. EDMUNDS THINKS HE CAN BEAT BAYLEY

Toronto "Pocket Hercules" Anxious to Meet Lightweight Champion.

Toronto, Feb. 3.—Artie Edmunds, the pocket Hercules and ex-featherweight champion of Canada is very anxious to get back into the scrapping game again. He has put on weight during his last summer's rest up and is just aching for a chance at Joe Bayley, who beat Billy Allan at Calgary recently, but is willing to take on anybody at 135 pounds anywhere.

"I surely have a claim to consideration down around New York as a lightweight, when as a featherweight I backed every 122-pounder around New York into the corner in 1908 and was forced to meet lightweights and welterweights," said Edmunds today, and he showed his book of clippings in proof. "Here is where I beat Young Otto and was the first man to do so, in New York. Here is what it says about my battles with Bert Keyes, and here is where my friends offered to put up $5000 to back me against Tommy Murphy. I was giving weight away all the time. Look here where I met Jack Britton, who is now matched to meet Packey McFarland on Feb. 6. I jumped in at a day's notice and gave Britton twelve pounds weight advantage."

The clipping from the New York American discussing the Britton-Edmunds bout of February 28, 1908, says: "Jack Britton and Artie Edmunds fought a hard six-round draw last night in the star bout at the Long Acre club. Edmunds was the stronger, but Britton the cleverer of the two, but was tiring at the fast pace Edmunds set in the early rounds. Edmunds rushed his man about the ring in most of the rounds, but Britton's clever footwork kept him out of danger."

"Any time they give me six weeks notice I will box Britton," continued Edmunds. "I would like to have a chance to win the Canadian lightweight title before I go to New York. I am in good condition right now."

"Ted" Sullivan Predicts Some New Baseball Rules

Three Balls for Pitcher--Runners Allowed to Overslide in Stealing Bases—Pinch-Hitter to Bat Only Once.

New York, Feb. 3.—Ted Sullivan, an authority on baseball, says: In the national game of America changes have been made in the rules since its birth. When they compelled an outfielder to catch a ball on the fly, instead of the first bound, there were objections against that; when they did away with the disposing of a batsman by the foul bound and foul tip, there were strong objections against that change.

There were also objections against making the first two fouls by a batsman strikes, so it matters not what they advocate for the progress of the game, they will still have the usual objections.

I will now modestly state that other changes in the rules will take place, and if they are not changed one year they will be the next. I will say, first, that they will bring the pitcher down to three balls. Another rule will be made in exempting a base runner from being put out if he overslides or overruns second or third base when he is in the act of stealing either of these bags. I do not mean that after he gets to either of those bases and has been caught off trying to get a lead he should be exempt from being put out by sliding back or running over them. To call a base runner out after he artfully steals either of those two bases is a cheap put-out and an accidental one at best.

Another rule that they will make in time is that when a pinch hitter bats for any member of a team, that member should not be declared out of the game, but to qualify that rule the pinch hitter should be barred further in the game from batting any more.

LADIES WILL CURL AT WINNIPEG 'SPIEL.

Winnipeg, Feb. 3. The Manitoba Curling Association refused to allow the application of the ladies' Strathcona Club for representation in the bonspiel open events, but have donated a special cup for competition among women curlers. It will be played for during the second week of the bonspiel and is open to the world. Strathcona ladies will enter several rinks, and it is hoped that Elmwood, Selkirk, Regina and Edmonton will send representatives.

MANDOT MET A TOUGH ONE

Bulletin Leased Wire.

Memphis, Tenn., Feb. 3.—Joe Mandot, of New Orleans, was awarded a decision over "Mickey" Sheridan, of Chicago, in an eight round bout here tonight. During the first four rounds honors were about even, but after that the superior generalship of the New Orleans fighter gave him the advantage. Sheridan fought gamely and shook his opponent with lefts to the jaw several times.

AROUND THE CITY

The Nineteenth Alberta Dragoons, "A" squadron, dance will be held tonight in Separate School hall at eight o'clock.

A smoker and concert will be held at the South side Liberal Club room on Thursday evening, and all North side Liberals are invited. There will be speeches by the Hon. A. G. MacKay and the Hon. A. G. Rutherford.

The regular monthly meeting of the W. F. M. Auxiliary will be held in lecture room of First Presbyterian Church on Wednesday, February 5, at 3 p.m. Miss McLennan, of Wei-Wei-Honan, China, will address the meeting.

Constable C. Rooke of the Manitoba police, who was shot at Dauphin by John Baran, and died yesterday from the wound, was a brother of E. G. Rooke, formerly of the employ of the Edmonton Journal, and now in Nelson, B. C.

Leslie W. Polley and Miss Nellie Coley, both of Edmonton, were quietly married at Grace Church parsonage yesterday afternoon by the Rev. Thomas Powell. The newly-married couple are planning to make their home in the Peace River district.

IN THE POLICE COURT.

At the police court yesterday afternoon the case of J. R. Herzer, and his wife Jennie, who were charged with attempting to procure young persons for immoral purposes, was adjourned by Magistrate Byers, to Wednesday morning. The case was heard with closed doors. They are defended by Mr. J. A. McCaffrey.

The charge against E. S. McQuaid of driving an auto at immoderate rate of speed was dismissed.

THREATENED WITH KNIFE.

While Paul Maytich was sleeping in the Oxford rooming house last night, it is alleged that John Carroll surreptiously removed the sum of $75 from his pockets. A Swede by the name of Nick Ponich said he saw him take the money, and accused him of it, and it is sa'd that Carroll then pulled a knife and threatened him.

Carroll is now in custody, but the money is missing. The case will be heard this morning.

EVANGELISTIC SERVICES.

In the evangelistic service last night in McDougall Methodist church, Evangelist Ranton dealt with the question as to what part of a man's nature the call to a Christian life appeals, and he cited instances in Bible history and in modern life to show that the appeal of all true teachers and leaders in the Christian way, is to the heroic—to the self-sacrificing element in human nature and not to its sentimental side as is so frequently alleged. He pointed out that in gathering his disciples together to form the first church Jesus invariably appealed to the heroic instincts of the people he sought, calling upon them to leave their business, their families, their wealth and their old associations to take up lives as followers of a man who had nowhere to lay his head. The meeting was largely attended. Evangelist Ranton will speak tonight on the subject, "The Modern Kicker."

PUBLIC MEETING WEDNESDAY.

Representatives of the Edmonton Board of Trade, the city council, the industrial commission and the Citizens' Press Bureau, formerly known as the Citizens' League of Edmonton, will speak at a meeting of the supporters of the last named organization in the Separate School hall tomorrow (Wednesday) evening at 8:30 o'clock. Reports also will be submitted by the chairman of the executive committee, the treasurer and the secretary. These will show how the funds raised by subscription in 1912 were expended and what has been accomplished during the last eight months.

The executive committee, composed of M. S. Booth, J. E. Brown, A. M. Frith, Colonel F. C. Jamieson, W. A. Sugarman, John Blue, John Howey, William MacAdams, M. R. Jennings and G. W. Swaisland, has sent invitations to several hundred business and professional men, and it is expected there will be a large attendance. There will be no long speeches. In fact, the meeting will be informal throughout, the purpose being to present to the subscribers a statement of the work to date and to discuss ways and means for its maintenance during the coming year.

MAY BE BLACKMAIL CHARGE.

A case which was aired in the police court about three weeks ago is again coming into the limelight. At that time Charles Lingren, a local real estate man, accused Mary Persons of sending him threatening letters, the object being, it was alleged, to extort money for the support of her child, of which Lingren was said to be the father. The charge against the girl was dismissed.

Since then Richard Stafford, formerly of the city detective force, and now carrying on a private detective agency, has been at work on the case, and as a result of his inquiries John Holmgren, a hoisting engineer, formerly in the employ of the Hudson Bay company, has been arrested in connection with the charge.

Threatening letters have been sent to Lingren for about two years. A handwriting expert, it is said, may testify that they are in Holmgren's handwriting, a copy of which was secured by Stafford by reason of some clever Sherlock Holmes' methods. In some of the letters, it is stated, the writer thretens to put a bullet through Lingren, and then follows pen-and-ink sketches of a coffin, an open grave, and a tombstone.

Holmgren was arrested at the North Star rooming house by Detectives Stafford and Lang. The case will be heard today.

DECEASED WAS TO BLAME.

At the inquest held last night at McCoppen and Lambert's undertaking parlors on the body of Peter Borduyen, who met with a fatal accident at the Swift Canadian packing plant on Saturday afternoon by being crushed between two empty coal cars, the evidence showed conclusively that the deceased was entirely to blame in the matter.

With his brother George, deceased had the contract to unload coal cars at the plant. At the time of the accident a G. T. P. switch engine was preparing to take out two empty cars. The latter were standing about two feet apart, and deceased rushed between them to get to the other side of the track just as the engine backed on to them. He was crushed between the draw-bars, and died at the North Edmonton hospital about three hours afterwards from the terrible injuries he had received.

AD CLUB LUNCHEON.

Edmonton Ad Club, of which F. G. McDermid is president, will have its first get-together luncheon in the Blue Moon tea rooms, Rice street, at noon Wednesday, February 12th, when W. A. Milne, director of ceremonies for the day, will present a program of parodies and novel stunts. The feature of the program is an original sketch, termed an innovation, from the fact that it is full of surprises and unusual effects. Prominent business and professional men will take part in the proceedings. Mr. McDermid will preside.

Mr. Milne, who returned recently from a tour of the Pacific states, where he visited numerous advertising clubs, outlined some ideas for the luncheon at the final inauguration meeting in the rooms of the Citizens' Press Bureau, 707 Tegler building, last Wednesday night, and he was delegated by unanimous vote to prepare the program for the first noonday meeting.

The objects of the Edmonton Ad Club are two fold: The scientific study of advertising in a sincere effort to promote its best interests; and the widening and amalgamation of advertising circles, bringing them into closer and better understood relationship. The purpose of the organization also is to boost at home and encourage the spirit of optimism among the people generally.

TO EXPEND $200,000 FOR Y.W.C.A BUILDINGS

Big Scheme Launched Last Night at Banquet of Prominent Citizens, Held in the First Presbyterian Church—Addresses Outlining the Work.

A plan was launched last night, at a large and representative meeting of prominent citizens, to build a new Y. W. C. A., consisting of a centrally situated administrative building and two residence buildings in different parts of the city, the whole scheme to cost about $200,000.

A strong and influential committee was appointed from the meeting last night and the committee will meet in a week's time to consider the methods of campaign.

The committee is as follows:

His Honor the Lieutenant Governor, T. M. Turnbull, W. F. H. Brown, A. C. Fraser, M. S. Booth, Dr. Tory, J. W. Ward, Dr. Allyn, R. B. Chadwick, Hon. A. C. Rutherford, Dr. Whitelaw, R. M. Bailey, M. Runnals, K. W. McKenzie, Dr. D. J. Dunn, E. Butchart, Cecil Race, S. H. Smith, W. J. McNamara, ex-Mayor Armstrong, Alderman Livingstone, George B. McLeod, Dr. H. R. Smith, Alderman Lundy, Alderman Calder, with power to add.

The decision to go on with the scheme as outlined was come to after a number of speeches had been delivered strongly emphasizing the great usefulness of the Y. W. C. A., and the need of increased accommodation for the carrying on of the work.

The Girl Problem.

"The problem of the girl so far as Edmonton is concerned is a serious one. The need exists for a home, a place where a home influence can be thrown around the girl; and that need can be fulfilled, I believe, better by the Y. W. C. A. than any otheer institution with which we are confronted at the present time."

In these words a fine tribute to the work of the Y. W. C. A. in this city was paid by R. B. Chadwick, superintendent of the department of neglected children, who was one of the speakers at the banquet given last night in the lecture room of the First Presbyterian Church, to the business men in the city, with the object of interesting them in the need for extending the accommodation of the Y W. C. A. His Honor, Lieutenant Governor Bulyen presided, and there was a good attendance, including a number of prominent citizens. Unstinted praise of the Y. W. C. A. work was heard from the Rev. Archdeacon Grey, Rev. Dr. McQueen, Dr. Rutherford, Dr. Tory, J. W. Ward, Mrs. Thomas Bellamy, A. C. Fraser, Alderman May and others.

$200,000 will be required to carry out the full plans of the association for extending its work so as to provide a central administrative building and two homes for girls in different parts of the city, according to the estimate put before the meeting by Dr. Allyn.

A home to accommodate sixty to seventy-five girls could be built at a cost of $40,000.

Urge Civic Aid.

A strong case was put forward on behalf of civic aid for the Y. W. C. A. on the ground that it is fulfilling as great a need as the hospitals and other institutions supported by the city. This was specially urged by Mrs. Thomas Bellamy, one of the founders of the Y. W. C. A., who referred to the fact that four hundred girls had come under the care of the department of neglected children.

"An ounce of prevention is better than a pound of cure," she said, "and it would pay the city in dollars and cents to establish a Y. W. C. A."

While Mayor Short, being out of the city, was unable to be present, Alderman Douglas said that if a reasonable proposition was presented to the city council it would be sympathetically received. Alderman Lundy said he would support a civic by-law for the establishment of a home in the central part of the city, one in the east end and one on the south side of the river.

His Honor Governor Bulyea.

"Western people are proverbially generous," said His Honor, "and they will be willing to assist when the needs for enlarged accommodation at the Y. W. C. A. is explained to them. The small building which they now have was only erected as a temporary building, and was not intended for the purposes for which it is now used. There is a great difficulty too, in obtaining residence places for the young ladies who are here at work in the city. On account of them not having sufficient housing room the work is being much hampered.

Girls Turned Away.

"The object of our work is not to provide cheap homes for young women," said Miss Lukes, secretary of the Y. W. C. A., "although we do that. We endeavor to develop girls all round physically, mentally morally, to fit them to be better wives and mothers and business women. The house contains forty-one permanent boarders and six transients. As well as the girls living in the home we have thirty or forty coming in for meals. There are no single rooms, two, three, or four occupying each room. Sometimes we are asked to accommodate a girl's friend, but we have already all the law will allow, and we are obliged to turn many capable girls away, some of whom leave the town because they cannot get suitable accommodation. We have found it necessary to limit the admittance of girls to those who are earning less than $50 a month.

"There is no hospital room, but girls are cared for in the hour when they are sick, unless it is a contagious disease. An employment bureau has been started and it proves a valuable means of getting to know girls and keeping in touch with them. The travellers' aid meets the trains and looks after the girls, bringing them to the Y. W. C A. In six months 1,022 girls were cared for. Some women come to us with children, having lost their husbands. A large disused stable has been made into a club room and dining room and every day 100 girls are served with a hot lunch."

Plans for Extension.

Looking to the future Miss Lukes said that the association hoped to have a central administration building on Third street, with homes in [illegible] arose. In the administraion building there should be a cafeteria, which would help in supporting the administration, a gymnasium, swimming pool, domestic science room, dressmaking and other classes as required, with offices for an employment bureau, general secretary, religious secretary and travellers' aid. Transients would also be able to be accommodated in the main building and the homes would be visited frequently by the general secretary and religious work secretary. The association felt that the boarding houses should be separate from the other activities of the association, and they should be self-supporting.

"Faith justified by works" has been the record of the ladies who are in charge of the Y. W. C. A., said the Rev. Dr. McQueen. He alluded to the courage of the ladies who embarked upon an enterprise costing them $26,000, when they had only $100 in the bank. Dr. McQueen appealed to the men who were making their money in this city. If the Hudson's Bay Company was to maintain to its credit the title, the honorable gentleman adventures of the Hudson's Bay company, it would have to do something for the Y. W. C. A. and other institutions, in the city of Edmonton where they owned a great block of land, some three thousand acres, which is constantly increasing in value owing to the efforts of the citizens who come here. The last sale netted them over $4,000,000, and the land is not all sold yet.

What was true of the Hudson's Bay Company was true of many other firms who were making a large amount of money in the city. There should be a home here where young women coming to the city, whatever her character is, can be housed and directed to where she can find a permanent place in this city.

Necessity is Urgent.

"The necessity is not merely great, it is very urgent," said the Rev. Archdeacon Grey. "In the home which was opened a year ago by the munificence of a member of my congregation we have forty girls and a waiting list as long as my arm, while in the transients' room we have beds on planks and on trunks and even on the floor. Our churches have not been doing the right thing by the young people, we have been keeping them apart. We want, in any home for girls, a place where the young ladies can meet their young men freely and frankly and without having to stand on the doorstep or dodge around the telegraph pole. I have lived on Third street ever since the Y. W. C. A. was there and have seen quite a little of it from the outside. The time has past when the church can stop after it has provided comfortable places to worship in. The text of our Christianity in the present age is going to be what we accomplish; not what we say. We must get busy with the practical needs and problems."

Other speakers expressed their belief in the splendid work of the Y. W. C. A. and urged its claim upon the citizens of Edmonton for generous support.

FUGITIVE ARRESTED BY SEATTLE POLICE

Alleged Cocaine Fiend Who Shot up Lewis Bros.' Cafe and Then Wounded C. N. R. Employee, Will Be Brought to Edmonton and Charged With Attempted Murder.

Chief of Police Carpenter has received a wire from the police officials at Seattle, announcing the arrest of Victor Ross, the man who is wanted for shooting up Lewis Bros.' cafe, 627 First stret, early in the morning of Friday, November 15th, last.

It is alleged that Ross entered the cafe, covered the guests with a revolver, and then, with the remark "I want some of you stiffs to hand out five bucks," fired two shots which lodged in the ceiling. Ross then ran away, and during his flight shot at Sam Law, an employee of the C. N. R., who was following him, and wounded him in the neck.

A mounted policeman will be sent to Seattle for Ross, who is said to be a cocaine fiend. He will be charged with attempted murder.

Blame Malignant Ghosts.

Paris, Feb. 3.—A house near Charleroi, in the mining district of Belgium, just across the frontier, has been partially wrecked by mysterious showers of stones, which superstitious persons are ascribing to malignant ghosts. The miners of this region are uneducated and prone to believe the wildest of supernatural tales.
